**Marginalisation and the microbe: how to mobilise around antimicrobial resistance without increasing social inequalities. Consent form for interviews.**

I confirm that I have read the information sheet for this study and have had an opportunity to ask questions.

I understand that my participation is voluntary, that I can choose not to participate in part or all of the project, and that I can withdraw at any stage of the project without being penalised or disadvantaged in any way.

I am willing for a recording to be made of the interview, and for it to be transcribed / written out.

I am aware that my words may be quoted in written work, reports to policy makers and other organisations interested in the research.

I understand that data will be stored and used in an anonymous way in order to protect my identity (i.e. names and other identifying features will be altered), unless I explicitly state otherwise below.

I consent to the processing and storage of my personal information for the purposes of this research study. I understand that such information will be treated as strictly confidential and handled in accordance with the Data Protection Act 2018.

Please tick as appropriate
