

Marginalisation and the microbe: how to mobilise around antimicrobial resistance without increasing social inequalities. Consent form for further research.

I confirm that I have read the information sheet dated August 2023 v6 for this study and have had an opportunity to ask questions.

I understand that my participation is voluntary, that I can choose not to participate in part or all of the project and can withdraw within two months of the interview without being penalised in any way.

I am willing for my contributions to be transcribed with an A.I. programme to ensure they remain private.

I am aware that these may be quoted in written work, reports to policy makers and other organisations interested in the research.

I understand that data will be stored and used in an anonymous way in order to protect my identity (i.e. names and other identifying features will be altered), unless I explicitly state otherwise below.

I consent to the processing and storage of my personal information for the purposes of this research study. I understand that such information will be treated as strictly confidential and handled in accordance with the Data Protection Act 2018.
